計画平面図

計画区間①

計画区間②

This architectural site plan illustrates a bridge structure with various components highlighted in red and blue. A large blue circle on the left side points to a specific area under construction or repair. Another blue circle on the right side highlights a section of the bridge deck. Red lines and boxes outline the bridge's piers, spans, and approach roads. Labels in Japanese provide technical details such as '計画延長 L=116.5m' (Planned Length L=116.5m) and '1号コンクリート橋台エ (右側) L=21.2m' (1st Concrete Pier E (Right Side) L=21.2m). The plan also shows surrounding buildings, roads, and utility poles.
